

# MEASURE YOUR DOG FOR A TAILORED FIT

Measuring your dog is important to ensure a tailored fit. Due to the variance of dog sizes it is recommended that every dog is measured before purchasing any wearable item.

Using a soft measuring tape and manufacture sizing guides, measure for your dogs proper fit.

**Pro Tip:** *If you do not have a measuring tape, try using a piece of string and then measuring that with a ruler.*

**Please ask for assistance at the register if needed.**

## ■ LENGTH

Measure from the base of the neck (*where the collar would sit*) to the base of the tail along the back bone.

## ■ NECK

Measure around your dog's neck using a soft measuring tape positioned where the collar sits.

## ■ CHEST

Measure right around the body from the front legs around the deepest part of your dog's chest.
